Lists and Columns
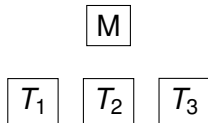

- Itemized lists are useful
  - Often with sub-lists
  1. Or enumerations (which assign a number to each item)
 2. If order is important
- Narrow columns are easier to read

- Mixing text and images on slides is good

MySQL	84 MB	18 KB	348 KB	980 KB (2.7$\times$)

- Tables of data can be useful too

Summary

- Make sure to end with a summary
- Never end on a page that just says:
  - Thanks!
  - Questions?
